## **Statement**

Dzvinia Podlyashetska, born in 1994, is a Ukrainian contemporary artist whose artistic practice revolves around expressive paintings and works on paper. Her work is deeply rooted in her fascination with mental health, human interactions, and emotions. As an artist, Dzvinia draws inspiration from within, allowing her inner experiences to guide and shape her creative process.

Each of Dzvinia's paintings serves as a personal expression, a window into her soul. She strives to capture and convey her feelings and emotions through her art. Whether it is the small, mundane moments of everyday life or the profound existential and political issues, Dzvinia finds inspiration in both and translates them onto her artistic canvas.

In her works of art, Dzvinia presents life in all its facets, encapsulating it in vibrant colors and imbuing it with a touch of sarcasm. Her art embraces ambiguity, juxtaposing the complex and the simple, the tragic and the humorous. It is through this interplay that she captures the essence of existence and invites viewers to reflect on the complexities of the human experience.

Dzvinia's artwork also carries a sense of violence and anger, but it is presented in a comic and colorful manner, as if to disarm or diminish the power of cruelty that surrounds us. By incorporating such elements, she seeks to provoke thought and challenge societal norms, encouraging viewers to confront uncomfortable truths with a blend of satire and whimsy.

Through her unique artistic vision, Dzvinia Podlyashetska offers a fresh and thought-provoking perspective on the world around us. Her works serve as vivid manifestations and representations of life, inviting us to question, introspect, and find beauty even in the most unexpected places.
